HAWAII

2024

Private security is a growth industry. Employers must ensure staff have the best training within available budgets. Many companies have highly trained and experienced individuals but either lack the teaching experience or materials to be able to impart the knowledge. For situations like these, Security Training Center® offers pre-packaged materials. Our team is comprised exclusively of educational professionals, many of whom hold advanced degrees in Adult Education and Training.

Established in 2003, Security Training Center® is a professional security guard training company. Our purpose is to educate security personnel and organizations in the latest protocols and techniques to keep staff, property and other valuables safe. A proactive approach to security awareness prevents many problems from ever occurring, reducing risk to staff and liability. We teach early identification of potential problems and how to defuse conflicts before reaching crisis. Our staff and advisory board have decades of experience in military, law enforcement, executive protection, private security, defensive weapons, and martial arts.

We offer **online training**, **instructor-led**, and **video** solutions.

# Online Course Delivery and Management

Security Training Center® is proud to offer online training solutions for any-sized private security company. Leverage our expertise, technology, and approved training materials for your in-house training needs.

Employers and trainers can utilize the online training programs offered by Security Training Center® without the costly investments in servers, maintenance, and content management. Employers can manage their employee's training accounts and records in our online learning management system (LMS).

With an agreement, employers can be granted privileges to create staff accounts, directly enroll staff in courses, and be billed via monthly invoice.

Management Tools access is free.
